To Whom It May Concern

This is to confirm that M/s Ecopower Pvt. Ltd., Mumbai have installed one Smartcool Energy Saving system to our York 400TR water cooled screw chiller working at the Asian heart Institute, Bandra Kurla Complex, Bandra East, Mumbai 400051.

The above Smartcool system was installed on 10th January, 2011.

Power consumption of the said chiller plant was recorded by a dedicated energy meter. Readings were taken with the Smartcool system in bypass followed by an equal period with the Smartcool system in circuit under different load and climate conditions over a sustained period.

The meter showed an average power saving of 13% when Smartcool was in operation. The company had guaranteed a saving of 10% in their original proposal.

The company's post installation service is satisfactory.
